Charter Member Team Commissions

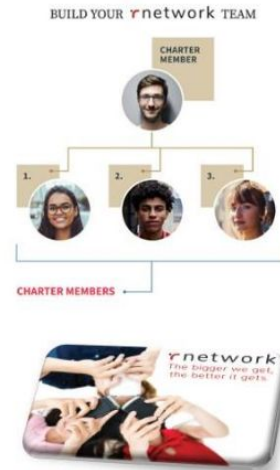

Me and Three Bonus

Is built around our primary method of operation enroll 3 Charter Members, then teach your Charter Members to enroll 3 more! 30 DAY TIME CLOCK!

Our primary goal with the **Me and Three Bonus** is to help you pay for your monthly subscription, then begin earning additional discretionary income. **Earn \$2** a month from the first two of your 3 personally enrolled Charter Members, and \$34/month on your 3rd Charter Member. This pays MONTHLY!

You will also receive 10,000 Points/month as opposed to 5,000 on our Discount Portal (Get with your sponsor to learn more about our point system).

The system pays commission up 10 levels based on who is qualified to earn a payment in that particular tier.

Meaning, if you have a Tier 10 payment heading your way, but you are NOT qualified for a Tier 10 payment, it will skip you and continue to skip members until it reaches a member with all 10 Tiers unlocked.

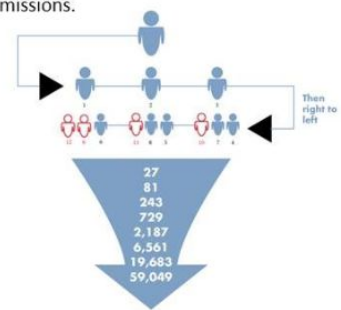

***Also, once we can get customers (rApp), you will be paid on yours and your Charter Member's customers as well, This would pay down unlimited levels since most customers may not become charter members, therefore not qualifying for Charter Member Commissions. You will receive it ALL!**

Do the math on that!

Commissions:

3 and Me Bonus - \$2.00 per member - \$2.50 per member once you unlock all TEN tiers - \$25 (one time per customer) – Appx: 1 10th of 1% on ALL debit card swipes & mortgage payments (Charter Members & Customers).

In Summary

Become a Charter Member:

Save More Than You Pay

Earn Commissions on Charter Members (3X10 Matrix)

Earn Bonuses (monthly) on Customers, their customers, your Charter Member's Customers, automobile purchases, mortgage payments, medication/prescription purchases, and even more to come...

RETENTION: Should be excellent – Ask yourself one question: "IF MY CUSTOMERS NEVER HAVE TO PAY, YET THEY RECEIVE DISCOUNTS WHEN THEY USE MY PRODUCT, ALL WHILE BEING PAID WHEN THEY REFER IT, WILL THEY EVER STOP BEING MY CUSTOMER?"

Save more than you pay, while building a business with strong retention along the way.

That is the rNetwork way!
